DEAR FRIENDS AND PARTNERS!

APPEAL

CVL is a result of 20 years' labor of a cohesive team.
 CVL is a company that feels confident about the future.
 CVL is my image.

As a founder, thought leader, and manager, I bear responsibility for all the implemented projects, the number of which now exceeds 200 in different regions of Kazakhstan.

The dynamic reality requires constant development, flexibility, and diversification of business. At present, we have reached a level where we can show ourselves to be reliable and advanced civil construction company.

CVL has earned its reputation as a partner who is always ready to accept any challenge of the time. Our experience and professional skills allow us to tackle new tasks, including EPC contracts.

In running our business, we focus on implementing advanced technologies and continuously developing our team's engineering capabilities. Our employees' health and occupational safety are of high priority for us.

Each of us performs his/her duties with love because it is exactly what turns better results into reality!

Sincerely yours,
 Rustem Itemirov,
 General Director
